MAY SEND SHARP NOTE TO CARRANZA

President Wilson Will Insist Fighting Must Cease.

Washington, July 16.—According to a high official of the Washington government Carranza must stop fighting and lend his efforts to restore order in the Mexican republic at once.

For the next few days the Washington government will watch closely the movements of Carranza and if he fails to take steps looking to the cessation of hostilities and the restoration of peace a sharp note is likely to be sent to him by this government, in which President Wilson will express his displeasure.

While hopes are high in the White House and state department for an early adjustment of the whole Mexican problem they were not so in other circles, particularly diplomatic.

From Northern Mexico came word that if Huerta resigned in favor of Carranza the plans of General Carranza would not be altered; that he would hurl his three armies, the divisions of Obregon, Gonzales and Villa, on Queretaro, the last obstruction between Carranza and Mexico City.

BRIEF BUT STORMY CAREER

Huerta Become President of Mexico Feb. 19, 1913.

Washington, July 16.—Victoriano Huerta took oath as provisional president of Mexico Feb. 19, 1913, the day after Francisco I. Madero had been arrested at the national palace. Three days later Madero and Jose Maria Pino Suarez, vice president, were shot to death on a midnight ride under guard from the palace to the penitentiary. The manner of their death never was satisfactorily explained.

One of Huerta's first acts as provisional president was to telegraph William H. Taft, then president, the following message:

"I have the honor to inform you that I have overthrown this government. The forces are with me and from now on peace and prosperity will reign."

The republic was at once plunged into civil war. The Sonora state congress officially repudiated the provisional government. Pascual Orozco of the northern revolutionaries was the lone notable figure among the disaffected who declared for the new government.

VILLA IS SORRY HE CAN'T REACH HUERTA.

Juarez, Mex., July 16.—"I would much prefer that Huerta had remained in the chair or in Mexico City until we could put our hands on him," General Villa said in Juarez when he learned of Huerta's resignation.

"That is the only comment I care to make on the subject," he added.

What's the Answer?

Why does a red cow, who eats green grass, give white milk that yields yellow butter?

CRAB APPLE TREES MUST GO

Plant Pathologist Says Blight Is Being Produced.

Spearfish, S. D., July 16.—According to Professor H. S. Coe, consulting plant pathologist of the state agricultural college of Brookings, all the crab apple trees of the Spearfish valley district must be destroyed to save the orchards of that region.

He was called here to make an investigation of an apple blight which was seriously affecting the district. He finds that the blight is caused by a species of bacteria which produces a canker, from which exudes a gummy substance. Upon this bees and insects feed. The crab apple trees have been found to be the most prolific producers of these cankers.

Seven per cent of men in Europe are color blind, but only 5 per cent of women.

MANY MEASURES BEFORE CONGRESS

Trust Bills Not the Only Snag That Has Been Met.

ADJOURNMENT NOT IN SIGHT

Much Work on Appropriation Bills Still Necessary—River and Harbor Measure Must Pass, and This Will Require Time—Senate Now Investigating Itself.

By ARTHUR W. DUNN.

Washington, July 16.—[Special.]—The legislative situation is strange. The people—those who are interested at all—are telling congress to adjourn and go home. Every man in congress would like to do as the people say, and yet they will stick here and talk, and fuss, and play politics, much of the time without a quorum, dragging the session along until autumn.

President Wilson is keeping congress here. He is keeping congress in session to pass legislation which he thinks ought to be passed. He sees no necessity for the long discussions, the endless debates and speeches covering days. President Wilson and a few leaders were able to agree upon the trust bills, and he can see no reason why congress cannot agree in a short time. But if congress cannot so agree the president insists that congress stay here until it can pass the bills.

Not Alone the Trusts.

It is not alone the trust legislation which is keeping congress in session. The 1st of July, the date set for final adjournment last winter, has come and gone, and congress has not been able to pass the necessary appropriation bills.

Outside of the appropriation bills congress has not accomplished much in the way of legislation. Aside from the canal tolls repeal bill little has been done. The appropriation bills are tied up in deadlocks between the two houses. Several have not been considered in conference. If there were no trust legislation congress would be far from adjournment.

River and Harbor Snags.

Snags in streams interfere with navigation. Snags in the senate are interfering with the river and harbor bill. Prominent among these snags are Burton of Ohio, Borah of Idaho, Kenyon of Iowa and Norris of Nebraska. These senators have a lot of assistance among senators who are in sympathy with the objects which they have in view. As a consequence this great measure, of so much importance to many congressmen, drags slowly through the senate. It may be defeated, but that seems impossible in view of the big majority which wants it to pass.

Investigating Itself.

About once in seven years, I should say, the senate takes up the pleasing pastime of investigating itself—that is, it attempts to find out how the newspapers get and publish executive session secrets.

At these periodical spasms a committee is appointed with authority "to send for papers and persons, administer oaths," etc. Then the newspaper men are called in and asked where they get their executive session stories. They decline to answer. The senate confers as to whether it will send them to jail for contempt. It does not, and that is the end of it.

Sometimes these investigations take a different turn, such as when the senate investigated as to whether its members ever speculated in sugar stocks, and with the same general results. The real reason why executive secrets are told is because many senators think the public should know what is going on of interest to the people.

Wails and Hosannas.

The senate had been indulging in one of those periodic political discussions in which the Republicans had been telling about business depression and hard times, and the Democrats had replied with stories of prosperity and humming business when Senator Kern, the Democratic leader, broke in with the remark, "After these alternating wails of despair on one side and hosannas of triumph on the other I call for the regular order."

Will Make a Visit.

Senator Hoke Smith was looking at some interesting wall decorations in the capitol. "I have told my wife," he said as he turned to respond to a no quorum call in the senate, "that some day when we had a little leisure we would visit Washington and see what there is in the city. I haven't had opportunity to do anything of that kind since I have been in the senate." If the reports are true concerning political conditions in Georgia Hoke will have to devote some time to political affairs in that state even if congress should adjourn.

"How Does Your Garden Grow?"

Senator Gallinger was urging more speed in regard to legislation. "Summer is passing," he said, "the fences are out of repair, the vegetable garden is getting ready to tempt us, and we ought to make some progress."

"The senator does not mean that he apply to New Hampshire fences," said Senator Pomeroy of Ohio.

"Oh, yes," replied Gallinger; "the vegetable gardens are coming along in New Hampshire, even to the extent of having green peas."

Color Blindness.

Seven per cent of men in Europe are color blind, but only 5 per cent of women.

GENERAL HUERTA.

Formally Resigns as President of Mexico.

FALL OF ROCK KILLS TWO

Others Are Injured by Mass Loosened by Blast From Bluff.

Jefferson City, Mo., July 16.—L. W. Hughes and Lawrence Kane were killed and two other quarrymen were injured when fifty tons of rock in the government quarry here fell on them. The rock, which had been loosened by a blast, fell from a bluff, catching the men in the quarry.

WOMEN KICK AND CLAW POLICEMEN

Suffragettes Create Scene in London Police Court.

London, July 16.—Half a dozen policemen were required to remove from the Marlborough street police court two kicking, clawing, screaming suffragettes, who earlier in the day had attempted to horsewhip Right Hon. Thomas McKinnon Wood, secretary of state for Scotland. But for the timely intervention of his stalwart butler it is probable the secretary would have been thrashed soundly.

He was just leaving his residence when a woman rushed up, horsewhip in hand, exclaiming: "You Scottish pig, if you don't stop the forcible feeding of women we shall smash you."

The militant lashed him across the chest, but before she could deliver a second cut the butler, who was standing on the steps, seized her and threw her sprawling to the ground, leaving him free to tackle the second woman, who was shouting: "Let me get at the Scotch pig."

She made a rush with her whip at the secretary for Scotland and was still struggling in the butler's grip when the police arrived and bundled both women to the police station, where they were searched.

DENIES RINES' APPLICATION

Court Holds Change of Venue in Election Contest Legal.

St. Paul, July 16.—Insurance Commissioner J. A. O. Preus won the first round in his fight for the Republican nomination for state auditor with Henry Rines when the supreme court refused to compel the Hennepin county district court to transfer the contest proceedings instituted by Rines back to the district court of Kanabec county.

Rines filed his contest papers in his home county and Preus immediately asked that the matter be transferred to his own home county, Hennepin. This was done accordingly under the law and the hearings began before Judge John H. Steele of Minneapolis.

Rines asked at this juncture that the case be sent back to Kanabec county. Judge Steele refused his request and mandamus proceedings were filed in the supreme court to compel him so to act.

GOTHAM DIVORCES ARE INCREASING.

New York, July 16.—In one borough of Greater New York alone—Manhattan—540 absolute divorces were granted during the six months ending June 30, as against 372 during the same period last year.

These figures were made public by the county clerk.

TWO ESCAPED MINE CAVEIN

Seven Workmen Caught by Avalanche of Quicksand.

Iron River, Mich., July 16.—Two men escaped in the disaster at the Balkan iron mine at Alpha when a bed of quicksand caved in from the roof of a drift.

The crew ran for the shaft, 300 feet away, and seven were caught by the onrushing quicksand and buried alive. Two reached the ladder in the shaft and escaped. The last man was buried almost to his shoulders but pulled himself up on the ladder, stripping off his boots and clothing.

CAUSES SMILES AT WASHINGTON

CONSERVATIVES FIX SLATE

Wisconsin Republican Faction Announces New Ticket.

Milwaukee, July 16.—The "conservative" Republican state ticket which was agreed upon at a conference at Madison recently has been revised by the state committee, owing to some of the candidates having withdrawn. The new ticket, as given out, follows: For governor, Emanuel L. Philipp, Milwaukee; lieutenant governor, Marshall Cousins, Eau Claire; secretary of state, Neils Holman, Deerfield; attorney general, F. R. Bentley, Baraboo; state treasurer, Paul Schardt, Gillet; United States senator, Levi H. Bancroft, Richland Center.

Officials Rejoice Over Resignation of Huerta.

PROBLEM NEARER SOLUTION

Constitutionalists, Diplomats and American Government Officials Show Their Satisfaction Over the Fact That the Mexican Dictator Has Eliminated Himself From the Situation.

Washington, July 16.—News of General Huerta's resignation as provisional president of Mexico was hailed by official Washington as the first practical step toward a quick solution of the Mexican problem.

Constitutionalists, diplomats and officials of the United States government did not conceal their satisfaction over the fact that General Huerta at last voluntarily had eliminated himself from the situation and pointed the way to an era of peace in his country.

Although the Constitutionalists have declared they will not recognize Francisco Carbajal as provisional president any more than they did his predecessor and the United States government likewise will refuse to recognize him the understanding here is that the new executive will hold office for a short term only until satisfactory arrangements can be made for the entry of General Carranza, the Constitutional chief.

From diplomats in close touch with the situation it was learned that Mr. Carbajal and those who are associated with him in an effort to restore peace in Mexico desire only that a general amnesty be declared, conserving the lives and property of those who supported Huerta.

Will Make Peaceful Entry.

After this is obtained the peaceful entry into the Mexican capital of Constitutional troops will be negotiated.

It is believed in some quarters here that Carbajal may make an effort to have Huerta given immunity from arrest if he stays in Mexico City. But even if given friends of the dictator think he would be safest out of the country. It is thought he will not depart for several days at least, preferring to offer his services to Carbajal in the field if a final rally of federal troops is made against the Constitutionalists.

Huerta's resignation marks the culmination of more than a year's active effort on the part of the United States government to force his retirement. John Lind was sent to Mexico last summer in an effort to bring about the withdrawal of Huerta.

President Wilson later went to congress and revealed the terms on which Huerta had practically been asked to retire from office. An embargo on arms was placed on both Mexican factions and the Washington government then began its policy of cutting off financial aid for the Huerta government, not only from the United States but from Europe.

PEACE PACTS AGREED ON

Bryan Announces Four Will Be Signed Next Week.

Washington, July 16.—Secretary Bryan announced that he would sign a peace commission treaty with Minister De Pena of Uruguay Monday and that on another day in the coming week he would sign similar pacts with the Argentine Republic, Brazil and Chile. Before the end of the week Mr. Bryan will send about twenty of these peace treaties to the senate for ratification.

The terms of similar conventions with France and Great Britain have been agreed upon, but these will not be signed until all of Great Britain's self-governing colonies have accepted their provisions.

All of these treaties provide that differences arising between the signatory powers, which cannot be settled diplomatically, shall be submitted for investigation and report to an international commission of five members.

URNS DOWN PROHIBITION

Iowa Fight Lost in Resolutions Committee Session.

Des Moines, July 16.—Prohibition forces lost their battle for the insertion of a plank favoring resubmission of prohibition question to a vote of the people at the Republican state convention here. The convention adopted a plank endorsing the present liquor laws and commanding their enforcement.

The dregs were defeated after a long battle in the resolutions committee. No attempt was made to revive the question on the floor of the convention.

Twenty-one planks were carried in the platform presented by the committee. Among the more prominent ones were endorsement of woman suffrage, the equalization of tax burdens, the repeal of the nonpartisan judiciary law and the shortening of the present state election ballot.

COURT AWARDS THAW \$160,773

Slayer of Stanford White Wins Suit for Income.

BATTLE LASTS SIX MONTHS

Orphans' Court at Pittsburgh Decides Harry K. Thaw Is Entitled to the Income From His Father's Estate Which Has Been Denied Him Since He Was Adjudged Insane.

Pittsburg, July 16.—After six months of legal battle Harry K. Thaw, in a decision handed down by Judge James W. Over in orphans' court, is awarded the income from his father's estate, which has been denied him by the trustees since he was adjudged insane for the slaying of Stanford White. By the decision Thaw gets \$160,773.

Judge Over says Thaw is legally entitled to the money despite the fact that alienists declare Thaw is suffering from an exaggerated sense of self which would make it unwise to commit any large sums of money into his personal charge.

The fight for the income began last January, when Thaw filed a petition asking for \$30,000 to defray legal expenses. The Fidelity Title and Trust company of Pittsburg, the trustees, took exception. The court allowed the petition.

Later the trust company was permitted to send alienists to examine Thaw, claiming he was insane. Thaw refused to submit to an examination. It is said. The trust company then asked that Thaw be compelled to submit.

TO MAKE HIS PARDON LEGAL

Former North Dakota Official Spends Few Minutes in Prison.

Bismarck, N. D., July 16.—G. L. Bickford, former state treasurer, convicted of embezzlement more than two years ago, and sentenced to the state prison from one to three years, spent a few minutes in the penitentiary and was released on a pardon.

The pardon was granted last month, but before it could become effective legally it was necessary for Bickford to become a prisoner.

Bickford was convicted in the district court of McLean county after he had taken a change of venue from Burleigh county. In addition to the sentence a fine of \$1,000 was imposed. The case was appealed to the state supreme court, which set aside the fine, but sustained the prison sentence.

The pardon was granted soon afterward.

BOARD UNABLE TO AGREE

Cannot Determine Wages for Girls and Minors.

St. Paul, July 16.—Unable to reach any agreement by a majority vote as to the minimum wage for women and minors engaged in the mercantile industries of the Twin Cities the advisory board of the state minimum wage commission, after a long session, voted to dissolve.

A report will be made to the commission that the board could reach no agreement by a majority vote.

According to Miss Eliza P. Evans, secretary of the commission, the result will be that the commission will take the subject into its own hands, order public hearings in St. Paul, Minneapolis, Duluth, Winona and St. Cloud and cite the employers to show their books so that the wages paid to women, girls and minors may be ascertained.

OWNER IMBIBED TOO FREELY

Duluth Saloon Closed Because Proprietor Was Intemperate.

Duluth, July 16.—For the first time in the history of Duluth a saloon has been closed, because it is alleged its proprietor, Gust Johnson, imbibes too freely.

W. A. Hicken, Commissioner of Public Safety, Has Sent Word Also to Other Saloon Keepers Warning them to Temperate.

He says men who cannot control their own appetites for liquor are not desirable in the saloon business in this city.

Three saloon keepers have elected recently to keep sober for the first time in years.

Nurse Accused of Murder.

San Francisco, July 16.—A warrant charging murder awaits Miss Eve Jane Rinehart, twenty-seven years old, reported to have left San Jose, Cal., on a pleasure trip to try out a new automobile. She is accused of causing the death by poison of Mrs. Katherine Bluet in January in an Auburn (Placer county) hospital, where the two were nurses together.

Don't throw away your old shoes till you've got new ones.—Dutch Proverb.

Mexico City, July 16.—General Huerta and General Blanquet left the capital. They boarded a train on the Mexican railway a few miles beyond the city. It is thought they are going to Puerto Mexico.

Mexico City, July 16.—General Victoriano Huerta resigned from the provisional presidency of the Mexican republic and his resignation was accepted by the senate and chamber of deputies by a vote of 121 to 17.

Francisco Carbajal then was appointed president and took the oath of office at the joint session of deputies and senators.

Huerta's resignation was submitted through the department of foreign relations. It was read in the house and was greeted with cries of "viva Huerta." It was referred to the joint committees of government.

After brief consideration the committees reported, accepting the resignation in the following terms:

"Article 1.—We accept the resignation presented by General Victoriano Huerta as president of the Mexican United States.

"Article 2.—We call Licentiate Francisco Carbajal, minister of foreign relations, to assume the presidency."

Carbajal Goes to Palace.

A ballot was taken and the joint session approved the report.

President Carbajal proceeded to the national palace under an escort of presidential guards and all along the way was greeted with tumultuous cheering.

The text of General Huerta's resignation follows:

"Deputies and Senators: Public necessity admitted by the chamber of deputies, by the senate and the supreme court, called me to the supreme magistracy of the republic. Later, when in this same hall, I had the honor of addressing you in compliance with the constitutional precept, I promised, at all costs, to bring about peace.

"Seventeen months have passed and in that brief period of time I have formed an army with which to carry out that solemn promise. You all know the immense difficulties which my government has encountered owing to a scarcity of funds, as well as to the manifest and decided protection which a great power of this continent has afforded to the rebels.

"Outrage" at Vera Cruz.

"So great was this protection that when the revolution had been broken up, seeing that its chief leaders were and continued to be divided, the power in question sought a pretext to intervene directly in the conflict and the result of this was the outrage committed at Vera Cruz by the American fleet.

"Success was had, as you know, in adjusting honorably through our delegates at Niagara Falls the petty Tampico incident, but the revolution continued with the support of whom we all know.

"Yet, after the highly patriotic work achieved by our delegates at Niagara Falls, there are still some who say that I, come what may, seek my personal interest and not that of the republic. And as I need to rebut this allegation with facts I tender my formal resignation of the presidency of the republic.

Labored in Good Faith.

"The national congress must know that the republic, through its government, has labored in entire good faith and with the fullest energy, having succeeded in doing away with the party which in the United States calls itself Democratic, and having shown how the right should be defended.

"To be more explicit, I will say that the action of the government of the republic during its short life has dealt death blows to an unjust power. Later on, stronger workers will come, using implements that undoubtedly will end that power, which has done so much harm and committed so many outrages on this continent.

"In conclusion I will say that I abandon the presidency of the republic, carrying with me the highest sum of human wealth, for I declare that I have arraigned at the bar of universal conscience the honor of a Puritan, whom I, as a gentleman, challenge to wrest from me that possession.

"May God bless you and me."

The militant lashed him across the chest, but before she could deliver a second cut the butler, who was standing on the steps, seized her and threw her sprawling to the ground, leaving him free to tackle the second woman, who was shouting:

"Let me get at the Scotch pig."

She made a rush with her whip at the secretary for Scotland and was still struggling in the butler's grip when the police arrived and bundled both women to the police station, where they were searched.

DENIES RINES' APPLICATION

Court Holds Change of Venue in Election Contest Legal.

St. Paul, July 16.—Insurance Commissioner J. A. O. Preus won the first round in his fight for the Republican nomination for state auditor with Henry Rines when the supreme court refused to compel the Hennepin county district court to transfer the contest proceedings instituted by Rines back to the district court of Kanabec county.

Rines filed his contest papers in his home county and Preus immediately asked that the matter be transferred to his own home county, Hennepin. This was done accordingly under the law and the hearings began before Judge John H. Steele of Minneapolis. Rines asked at this juncture that the case be sent back to Kanabec county. Judge Steele refused his request and mandamus proceedings were filed in the supreme court to compel him so to act.

GOTHAM DIVORCES ARE INCREASING.

New York, July 16.—In one borough of Greater New York alone—Manhattan—540 absolute divorces were granted during the six months ending June 30, as against 372 during the same period last year.

These figures were made public by the county clerk.

TWO ESCAPED MINE CAVEIN

Seven Workmen Caught by Avalanche of Quicksand.

Iron River, Mich., July 16.—Two men escaped in the disaster at the Balkan iron mine at Alpha when a bed of quicksand caved in from the roof of a drift.

The crew ran for the shaft, 300 feet away, and seven were caught by the onrushing quicksand and buried alive. Two reached the ladder in the shaft and escaped. The last man was buried almost to his shoulders but pulled himself up on the ladder, stripping off his boots and clothing.

CAUSES SMILES AT WASHINGTON

CONSERVATIVES FIX SLATE

Wisconsin Republican Faction Announces New Ticket.

Milwaukee, July 16.—The "conservative" Republican state ticket which was agreed upon at a conference at Madison recently has been revised by the state committee, owing to some of the candidates having withdrawn.

The new ticket, as given out, follows: For governor, Emanuel L. Philipp, Milwaukee; lieutenant governor, Marshall Cousins, Eau Claire; secretary of state, Nels Holman, Deerfield; attorney general, F. R. Bentley, Baraboo; state treasurer, Paul Schardt, Gillett; United States senator, Levi H. Bancroft, Richland Center.

RETAIL MEAT PRICE SHOOTING UPWARD.

New York, July 16.—Retail prices of meat raised 1 to 3 cents in New York city. Dealers state that wholesale prices of beef—higher than in twenty years—have increased 4 cents and retail prices 7 cents in three weeks in the New York cattle market, reaching 19.65 cents per pound for cattle on the hoof in Jersey City this week.

COLONEL SCORES WHITMAN

Says He Is Either Timid Weakling or Tool of "Boss Barnes."

Oyster Bay, N. Y., July 16.—District Attorney Charles S. Whitman of New York was characterized by former President Roosevelt as "either a hopelessly timid weakling" or else as being in league with William Barnes, Jr., Republican state chairman, whom the former president styled "Boss Barnes."

Officials Rejoice Over Resignation of Huerta.

PROBLEM NEARER SOLUTION

Constitutionalists, Diplomats and American Government Officials Show Their Satisfaction Over the Fact That the Mexican Dictator Has Eliminated Himself From the Situation.

Washington, July 16.—News of General Huerta's resignation as provisional president of Mexico was hailed by official Washington as the first practical step toward a quick solution of the Mexican problem.

Constitutionalists, diplomats and officials of the United States government did not conceal their satisfaction over the fact that General Huerta at last voluntarily had eliminated himself from the situation and pointed the way to an era of peace in his country.

Although the Constitutionalists have declared they will not recognize Francisco Carbajal as provisional president any more than they did his predecessor and the United States government likewise will refuse to recognize him the understanding here is that the new executive will hold office for a short term only until satisfactory arrangements can be made for the entry of General Carranza, the Constitutional chief.

From diplomats in close touch with the situation it was learned that Mr. Carbajal and those who are associated with him in an effort to restore peace in Mexico desire only that a general amnesty be declared, conserving the lives and property of those who supported Huerta.

Will Make Peaceful Entry.

After this is obtained the peaceful entry into the Mexican capital of Constitutional troops will be negotiated.

It is believed in some quarters here that Carbajal may make an effort to have Huerta given immunity from arrest if he stays in Mexico City. But even if given friends of the dictator think he would be safest out of the country. It is thought he will not depart for several days at least, preferring to offer his services to Carbajal in the field if a final rally of federal troops is made against the Constitutionalists.

Huerta's resignation marks the culmination of more than a year's active effort on the part of the United States government to force his retirement. John Lind was sent to Mexico last summer in an effort to bring about the withdrawal of Huerta.

President Wilson later went to congress and revealed the terms on which Huerta had practically been asked to retire from office. An embargo on arms was placed on both Mexican factions and the Washington government then began its policy of cutting off financial aid for the Huerta government, not only from the United States but from Europe.

PEACE PACTS AGREED ON

Bryan Announces Four Will Be Signed Next Week.

Washington, July 16.—Secretary Bryan announced that he would sign a peace commission treaty with Minister De Pena of Uruguay Monday and that on another day in the coming week he would sign similar pacts with the Argentine Republic, Brazil and Chile. Before the end of the week Mr. Bryan will send about twenty of these peace treaties to the senate for ratification.

The terms of similar conventions with France and Great Britain have been agreed upon, but these will not be signed until all of Great Britain's self-governing colonies have accepted their provisions.

All of these treaties provide that differences arising between the signatory powers, which cannot be settled diplomatically, shall be submitted for investigation and report to an international commission of five members.

TURNS DOWN PROHIBITION

Iowa Fight Lost in Resolutions Committee Session.

Des Moines, July 16.—Prohibition forces lost their battle for the insertion of a plank favoring resubmission of prohibition question to a vote of the people at the Republican state convention here. The convention adopted a plank endorsing the present liquor laws and commending their enforcement.

The dries were defeated after a long battle in the resolutions committee. No attempt was made to revive the question on the floor of the convention.

Twenty-one planks were carried in the platform presented by the committee. Among the more prominent ones were endorsement of woman suffrage, the equalization of tax burdens, the repeal of the nonpartisan judiciary law and the shortening of the present state election ballot.

CONTEST CLOSING 10:30 TONIGHT
Several Contestants Claim to have Large Number Votes Held For Finish
Following you will find the names and number of votes that the leading candidates for the big summer festival contest have to date. A list will appear daily in this paper of the names of the fifteen ladies having the greatest number of votes. It is impossible to publish all names on account of lack of space, however it is not necessary to vote for the ladies names that appear daily, but you may vote for whoever you wish.
Voting boxes have been established at Michaels, Dunn's Drug store, Ransford Hotel, Olympia Candy Kitchen, H. W. Linnemann's, Campbells, Cooks and Park Theatre. Votes are one cent each, envelopes will be found at all voting boxes. Deposit your money for votes in envelope and drop in box. Votes are counted daily. Contest closes Thursday, July 16th at 10:30 P. M. Diamond ring will be given to the lady elected, who will be crowned Queen of the Festival. Your vote helps the Park Association.
How the 15 leaders stand in Summer Festival contest:

L. J. CALE CO.
Origin of Editorials.
May 12 seems an important anniversary for the newspaper world, because some consider that on this date, in 1791, the London Chronicle first brought into being the leading article. It was merely a short paragraph, which stated that "the great and firm body of the Whigs of England, true to their principles, had decided in favor of Mr. Fox as the representative of the pure doctrines of Whiggery" and suggesting as a result that Burke should retire from the house of commons. This paragraph was published in the part of the Chronicle where leading articles afterward appeared and for that reason is reckoned the forerunner of editorial comments on topics of the day.

George R. West has a great collection of wishbones, 17 of them, hanging over his cash register. George says when he accumulates four more, two from ducks and one each from a rice hen and goose, he will reveal the secret of their being and tell the whole story for publication.

John Morris, of Watertown, S. D., has been visiting his brother-in-law and sister, Mr. and Mrs. W. W. Winters. This is the first time brother and sister met in 35 years. Mr. Morris was so impressed with Crow Wing county and its possibilities in an agricultural line that he has decided to invest money in a farm in the county. He owns a fine farm in South Dakota.

Peterson Brothers Chicken Market—Fancy dressed chickens, 17 cents per pound. Also dealers in ham, bacon, butter, eggs and all kinds of canned goods at reasonable prices. Give us a call. Phone 522, 710 Laurel Street.—Advt. 3016

About 50 fans expect to take the sleeper Friday night for International Falls to attend the Sunday game. Joe Graves, noted recruit of Connie Mack, will pitch for the Brainerd boys. A record-breaking crowd is expected. International Falls will entertain the Northern Minnesota Editorial convention and all of these newspaper men and friends will attend the games. Brainerd is receiving lots of publicity through its winning ball team. Manager D. A. Peterson is busy perfecting arrangements for the carrying of his team and the fans to the northern town.

Crushing.
Mrs. Newbridge (with an air of triumph)—Really, I was greatly surprised to get a wedding present from the Van der Gilds. They are so exclusive, you know. Miss Jellus—Yes, but they are very charitable, I believe.

CONTEST CLOSES 10:30 TONIGHT

Several Contestants Claim to have Large Number Votes Held For Finish

Following you will find the names and number of votes that the leading candidates for the big summer festival contest have to date. A list will appear daily in this paper of the names of the fifteen ladies having the greatest number of votes. It is impossible to publish all names on account of lack of space, however it is not necessary to vote for the ladies names that appear daily, but you may vote for whoever you wish.

Voting boxes have been established at Michaels, Dunn's Drug store, Ransford Hotel, Olympia Candy Kitchen, H. W. Linemann's, Campbells, Cooks and Park Theatre. Votes are one cent each, envelopes will be found at all voting boxes. Deposit your money for votes in envelope and drop in box. Votes are counted daily. Contest closes Thursday, July 16th at 10:30 P. M. Diamond ring will be given to the lady elected, who will be crowned Queen of the Festival. Your vote helps the Park Association.

How the 15 leaders stand in Summer Festival contest:

Miss Hannah Sather	2063
Miss Leona DeRoche	1416
Miss S. Hendrickson	1388
Miss Frances Quinn	1187
Miss Edna Mahlum	1178
Miss Madge Murphy	1074
Miss Grace Carlson	1060
Miss Ethel Brandt	1057
Miss Esther Belmuth	1041
Miss DeEtta Rose	1034
Miss Florence Warner	953

Miss Selma Anderson 932
Miss Kitty Johnson 788
Miss Blanche Millerstadt 643
The diamond ring was selected at Houghton's Jewelry store and is now on display in their show window.
The contest was continued until Thursday 10:30 P. M., so as to give all candidates a better chance. A voting box has been established on Carnival grounds opposite the Ferris wheel.

Remember the contest closes at 10:30 tonight sure.

Origin of Editorials.
May 12 seems an important anniversary for the newspaper world, because some consider that on this date, in 1791, the London Chronicle first brought into being the leading article. It was merely a short paragraph, which stated that "the great and firm body of the Whigs of England, true to their principles, had decided in favor of Mr. Fox as the representative of the pure doctrines of Whiggery" and suggesting as a result that Burke should retire from the house of commons. This paragraph was published in the part of the Chronicle where leading articles afterward appeared and for that reason is reckoned the forerunner of editorial comments on topics of the day.

WIFE MURDERER IS NOW IN CITY

Eli Vaillancourt Brought From Crosby Hospital to County Jail Wednesday Noon

HAS HEARING ON AUGUST 6

Examination Before Judge A. W. Uhl, of Crosby—Vaillancourt Recovered from Injury

Wednesday noon Deputy Sheriff Claus A. Theorin brought to Brainerd the wife murderer, Eli Vaillancourt, of Crosby, and lodged him in the county jail.

Vaillancourt had recovered sufficiently from his injuries to permit his removal from the Crosby hospital. After murdering his wife in the morning of July 8, Vaillancourt had escaped to the woods near Crosby and there with the same razor that he had slashed his wife's throat he also attempted to end his life in the same way. He drew the blade across his neck and stopped just short of the jugular vein. It probably hurt him so much that he stopped slashing and concluded to live.

His hearing will be at 10 o'clock in the morning on August 6 at Crosby before Judge A. W. Uhl, of the municipal court.

Spring Laxative and Blood Cleanser

Flush out the accumulated waste and poisons of the winter months; cleans your stomach, liver and kidneys of all impurities. Take Dr. King's New Life Pills; nothing better for purifying the blood. NEW BANK AT FORT RIPLEY

J. Lampert, Paul Zeug and H. D. Michael, of Minneapolis and Ft. Ripley People

TO ORGANIZE INSTITUTION

To be Capitalized at \$10,000—In the Center of a Rich Farming Community

Fort Ripley is to have a bank organized by Minneapolis and Fort Ripley people and capitalized at \$10,000. Prominently identified with the organization of the bank are J. Lampert, Paul Zeug and H. D. Michael, of Minneapolis, J. J. Tucker and others of Fort Ripley.

A brick building will be erected to house the bank and it is expected to start business about August 15. Fort Ripley is in the center of one of the richest farming communities of this county and central Minnesota. The farmers of Fort Ripley are today shipping out more potatoes and dairy products than any other section of the county. It is a live and progressive community and a bank will thrive there.

RECOUNT EXPERIENCES

Two Former Newspaper Men, Rivals in Kansas, Meet at Brainerd Dispatch Office

"A newspaper man always makes good in any position placed." The old trite saying received further confirmation yesterday when Clarence J. Martin, evangelist and C. M. Casey, publicity agent for the World at Home shows, now showing in Brainerd met at the Brainerd Dispatch Office. Both men call Wichita, Kansas, "home" and both were employed on daily papers there, Martin on the Beacon and Casey on the Eagle. Each left their homes in the "Peerless Princess" as Wichita is called, about the middle of April, one to preach the Word of God, the other to tell the merits of the "Greatest show on earth."

While standing in the Dispatch office yesterday Casey saw a man pass. "Hey, Martin," he called and rushed out to meet the man in question. "What are you doing away up here," he asked as they grasped hands.

"I might ask you the same question," replied Martin and each told the other of the business that brought them to this section of the United States. There was a long talk over home affairs and as each had been employed on the "opposition" paper in Wichita there were many laughable incidents recounted. The evangelist and the show man enjoyed the visit, the camaraderie of the newspaper office had made them equal in all things and each was fulfilling the prophecy that newspapermen make good where ever placed.

Mr. Casey has been actively identified with the business end of the show world for several years while Mr. Martin the assistant evangelist of the famous Lowry-Moody evangelistic team has done very successful work in Brainerd, Crosby, Deerwood, Pillager and Motley.

Strengthens Weak and Tired Women

"I was under a great strain nursing a relative through three months' sickness," writes Mrs. J. C. Van De Sande, of Kirkland, Ill., and Electric Bitters kept me from breaking down. I will never be without it." Do you feel tired and worn out? No appetite and food won't digest? It isn't the spring weather. You need Electric Bitters. Start a month's treatment today; nothing better for stomach, liver and kidneys. The great spring tonic. Relief or money back. 50c and \$1.00, at your druggist. H. P. Dunn, druggist.—Adv.

CARNIVAL CROWDS INCREASE DAILY

Plaza of Pleasure Packed with a Laughing, Jostling, Jolly Crowd Last Evening

THE WONDERFUL MAZEPPA

California Frank's Wild West Show—The Fine Band Music, Director Eslick Leader

"The longer you know 'em, the better you like 'em" seems to be the case of Brainerd folks regarding the World at Home shows now in Brainerd. Last night the Plaza of Pleasure was packed with a laughing, jostling crowd of pleasure seekers who filled street and sidewalk from the Garden of Allah to California Frank's Wild West show. Music, bright lights and happy people made an inspiring sight for the onlooker.

The Congress of Human extremes was a popular place last night. It is there that MaBelle, the most beautiful "fat" woman in the world shares honors with Prince Otto, who measures 27 inches in height and with Major Bradley who tops the high mark with eight feet. The Prince weighs 40 pounds; the Major 180, while MaBelle tips 612 even.

The show which would in all probability get a big popular vote is Mazeppa the horse with the human brain. Mazeppa is a revelation in equine intelligence. Her equal has never been seen locally. Mazeppa is advertised to do everything but talk and then to show her superiority over others of her kind she takes. That she is very much on the order of general humans is shown when after she has gone to bed her trainer endeavors to wake her by pulling the covers off, but Mazeppa reaches to the foot of the bed and covers herself and starts on another doze.

California Frank's Wild West show and Indian Congress is another big attraction of the worth while order. California Frank who in private life answers to the name of Col. C. Frank Hafley is one of the sturdy pioneers who braved the dangers of the unknown west to explore the country, seeking his fortune. The colonel has lived among the Indians and the early day outlaws. He is most familiar with the methods prevailing in those days, when might, not right, ruled the country and has faithfully transferred the early day prairie to his Indians, cowboys and cowgirls to his show.

Col. Hafley's collection of horses is without doubt the most valuable in the country. Magnificent steeds of the Arabian type worth several thousands each are used daily. The magnificent specimens of horse flesh are the envy of every horse lover seeing them. The horses are most accurately trained and in addition to other things, are pretty good dancers, doing the cake walk, two step, quadrille, tango and a clog dance on a platform, keeping perfect time to the music of the band. Col. Hafley has produced a most wonderful and complete attraction which must be seen in its entirety to be fully appreciated. The colonel also owns the beautiful Arabian horse which does the high drive.

Omar Sami's Marvels of the Universe Garden of Allah, Wonders of Melodia, the Congress of Human oddities, Panama Canal, Motordrome, Giant Ferris Wheel and Carry-Us-All all enjoyed a splendid patronage last evening.

Too much praise cannot be given Prof. Victor Eslick, director of the World at Home band, for the excellent music he is giving every afternoon and evening. Director Eslick has surrounded himself with an array of fully competent musicians who give the best that is in them every time called upon. The old blare and discord so noticeable in carnival bands is a pleasing minus quantity with Eslick's concert band.

HOT WEATHER ANTIDOTE

A Visit at Tom and Mose's Natatorium will Work Wonders in Cooling Off a Person

One of the best antidotes for that hot feeling is a plunge into the waters of Tom Woods and Mose DeRoche's natatorium, opposite the Park theatre. It is being well patronized, especially by the many carnival people and visitors in the city.

The shower baths and Turkish baths are metropolitan in their perfection and Tom Woods, as has been said by many travelogues, is one of the best masseurs in the country.

The boys should do well in their new line of business and the patronage accorded them should be very generous.

Clears Complexion—Removes Skin Blemishes

Why go through life embarrassed and disfigured with pimples, eruptions, blackheads, red rough skin, or suffering the tortures of Eczema, iten, tetter, salt rheum. Just ask your druggist for Dr. Hobson's Eczema Ointment. Follow the simple suggestions and your skin worries are over. Mild, soothing, effective. Excellent for babies and delicate, tender skin. Stops chapping. Always helps. Relief or money back. 50c at your druggist. H. P. Dunn.—

SPEAKS OF THE ART OF SWIMMING

Miss Ethyl Dawne June in Interview Gives the Secret of Basking in the Waves

HAS FLIRTED WITH NEPTUNE

Tells How to Swim—The First Principle in Swimming is Confidence, Says Miss June

In an interview accorded the Dispatch, Miss Ethyl Dawne June, billed as the living mermaid at the World at Home exposition now showing in Brainerd, spoke of the art of swimming and how to acquire this valuable and graceful accomplishment. Miss June said:

"As an accomplishment the art of swimming should come foremost in the line of aquatic sports and well to the front of all forms of sports requiring strength and endurance. Many persons, one might say, are born swimmers and take to water naturally. Most of us, however, must gain the knack by the tedious process of learning it. To be an expert swimmer, one cannot begin too young; in fact, the younger the better, because the muscles and tendons become harder and stronger and trained to the proper movements as the person advances in age.

ETHYL DAWNE JUNE

Every boy and girl should learn to swim because it makes them better developed men and women both physically and mentally.

While most forms of athletics strengthen and develop certain parts of the body such as arms, legs, chest and abdomen, swimming brings about a uniform development of the entire body. It accustoms the muscles to quick and prolonged action, thereby making them hard and more elastic. It increases both the chest and lung capacity and causes a larger intake of oxygen into the lungs by which the circulation of the blood through all the organs of the body are increased.

To swim in an expanse of water is much better than in a tank, because the air is not confined and circulates more freely. Open swimming is more invigorating to the system and by reason of the so-called reaction which takes place, guards against cold and sudden changes of temperature. It has been demonstrated that a person swimming in open water can go four times as far than when swimming in a tank.

In learning to swim the first principle is confidence. This is best taught by having the pupil float on the back with the body completely relaxed, the lungs filled with air, the chest thrown forward and the head even with the water. Any person can float for a long period of time and never have any fear of sinking. In fact, throughout my long career as a swimmer I have repeatedly tried to sink, but I find it impossible while observing these rules. As floating is not tiresome and practically devoid of all effort, it is best suited for resting purposes during a long swim and most useful in affecting the rescue of a drowning person.

One should keep at all times as much of the body as possible under the water. Never throw the shoulders out, but keep the chest out. In my four years of experience as a teacher of swimming I have found the breast stroke is by far the best stroke for beginners. As they advance the pupils find the under arm side stroke is the least difficult while at the same time it brings the most progress.

During my three mile swim in Lake Erie, from Edgewater Beach to the water works intake crib at Cleveland, Ohio, I used the under arm side stroke. In fact, in all my long swims I use this stroke exclusively as the arms are worked entirely under water thereby saving strength.

The body should at all times be relaxed and air should be inhaled through the mouth in long deep breaths and exhaled through nostrils. One fact should ever be born in mind and that is to save your strength as much as possible. Short, wild and unsteady movements are useless and will soon exhaust a swimmer.

Although I was in water continuously for two hours and twenty minutes during my swim from San Diego to Tent City, a distance of three miles, an observance of the simple rules of swimming insured my safety and left me as fit after the swim as before.

Suitable Ones.

"Why don't they take horses for travel in the arctic regions?" "They can't." "Why not? I should think old skates would be the very thing."—Baltimore American.

MERCURY POISON CURE IS FOUND

Dr. R. J. Sewall, of Crosby, Treats with Remarkable Success Poison Patient Who

TOOK 2 BICHLORIDE TABLETS

The Sewall Hospital Described—E. G. Ingalls Works for the Merchants & Clerks Picnic

Crosby, Minn., July 16—Dr. R. J. Sewall, of Crosby, owner of the large hospital there, has performed a remarkable cure in a case of mercury poisoning and medical men are interested in the case of the patient, Mrs. Percy Gannon, who had attempted suicide by swallowing two bichloride of mercury tablets. Taken on the Fourth of July, the poison was speedily pumped out of her system and with the treatment given at the hospital she has so far recovered as to be suffering only from a little salivation which will soon disappear. The case is remarkable from the fact that a rich southern banker who took such tablets by mistake, succumbed although every effort then known to medical science was made to save him.

Dr. Sewall's hospital is two stories in height and in addition has a large basement. Built of cement blocks, it is of most substantial construction and so planned as to produce the maximum of comfort for its patients. It has four private rooms and a large ward, offering accommodation for a total of twenty patients. In the basement are situated the laundry, kitchen, etc., and there is room for the ambulance or auto to drive in and leave the patients who are then transferred by elevator to the rooms above. On the main floor is Dr. Sewall's office, the reception room, the room containing medical equipment such as the X ray machine, etc., the drug room and dressing room, the operating room equipped with all modern appliances, the surgical ward, bath room, etc.

An interesting patient at the Sewall hospital is Ray Hunter who was injured in the dynamite explosion when 17 sticks of the explosive were discharged near him. Hunter says he remembers nothing except the blinding flash, the loud noise and then his eyes filled with dirt and he became unconscious. His hearing and sight were saved. One leg is badly injured and Dr. Sewall hopes to save it. Young Hunter is being nursed by Albert Veillette, formerly with the Sisters hospital of Brainerd. Howard Dickerson, who was near Hunter at the time of the explosion, is said to have lost the hearing in one ear.

In a letter to the Brainerd Dispatch, E. G. Ingalls, secretary and manager of the Ingalls Motor Boat Co., puts in this boost to have the Brainerd merchants and clerks hold their annual picnic this year at Crosby and Deerwood. Mr. Ingalls writes:

Brainerd Dispatch, Brainerd, Minn. Dear Sirs: In reference to our conversation regarding the Merchants and Clerks of your city holding their annual picnic at Deerwood and Crosby will say that we believe our two villages can offer better reasons why the picnic should be held here than those who have already endeavored to secure the picnic for their villages.

It is a well known fact that the interests of the people of Brainerd, Deerwood and Crosby are more in common than elsewhere and the business relations between the people of this district and Brainerd are one and the same.

The train service on the N. P. is very favorable for Deerwood and the low rate of fare would seem to warrant your people coming here.

Our company have already offered your people the free use of the Deerwood picnic grounds and the Deerwood Concert band will furnish music throughout the day without charge. We have a ball ground for your people and the most beautiful lake in this section on which we operate our fleet of boats. We have ample boat accommodations to take care of your crowd and the low rate of 25 cents per person for the entire day's riding is within the reach of all.

The total cost per person attending the picnic here would be only 93 cents including all the row boat and motor boat trips they want and we feel sure that the people in general would have a better time here than elsewhere.

If there is any other concession within reason they should want it will be granted.

Yours truly,
Ingalls Motor Boat Co.,
E. G. INGALLS, Secy & Mgr.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced remedies, and by constantly failing to cure with local treatment pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Ad. Agents: J. C. Jones & Co., Toledo, O. Sold by Druggists, 75c. Take Hall's 19 only pills for constipation.

CARNIVAL CROWDS INCREASE DAILY

Plaza of Pleasure Packed with a Laughing, Jostling, Jolly Crowd Last Evening

THE WONDERFUL MAZEPPA

California Frank's Wild West Show—The Fine Band Music, Director Eslick Leader

"The longer you know 'em, the better you like 'em" seems to be the case of Brainerd folks regarding the World at Home shows now in Brainerd. Last night the Plaza of Pleasure was packed with a laughing, jostling crowd of pleasure seekers who filled street and sidewalk from the Garden of Allah to California Frank's Wild West show. Music, bright lights and happy people made an inspiring sight for the onlooker.

The Congress of Human extremes was a popular place last night. It is there that MaBelle, the most beautiful "fat" woman in the world shares honors with Prince Otto, who measures 27 inches in height and with Major Bradley who tops the high mark with eight feet. The Prince weighs 40 pounds; the Major 180, while MaBelle tips 612 even.

The show which would in all probability get a big popular vote is Mazeppa the horse with the human brain. Mazeppa is a revelation in equine intelligence. Her equal has never been seen locally. Mazeppa is advertised to do everything but talk and then to show her superiority over others of her kind she takes. That she is very much on the order of general humans is shown when after she has gone to bed her trainer endeavors to wake her by pulling the covers off, but Mazeppa reaches to the foot of the bed and covers herself and starts on another doze.

California Frank's Wild West show and Indian Congress is another big attraction of the worth while order. California Frank who in private life answers to the name of Col. C. Frank Hafley is one of the sturdy pioneers who braved the dangers of the unknown west to explore the country, seeking his fortune. The colonel has lived among the Indians and the early day outlaws. He is most familiar with the methods prevailing in those days, when might, not right, ruled the country and has faithfully transferred the early day prairie to his Indians, cowboys and cowgirls to his show.

Col. Hafley's collection of horses is without doubt the most valuable in the country. Magnificent steeds of the Arabian type worth several thousand dollars each are used daily. The magnificent specimens of horse flesh are the envy of every horse lover seeing them. The horses are most accurately trained and in addition to other things, are pretty good dancers, doing the cake walk, two step, quadrille, tango and a clog dance on a platform, keeping perfect time to the music of the band. Col. Hafley has produced a most wonderful and complete attraction which must be seen in its entirety to be fully appreciated. The colonel also owns the beautiful Arabian horse which does the high dive.

Omar Sami's Marvels of the Universe Garden of Allah, Wonders of Melodia, the Congress of Human oddities, Panama Canal, Motordrome, Giant Ferris Wheel and Carry-Us-All all enjoyed a splendid patronage last evening.

Too much praise cannot be given Prof. Victor Eslick, director of the World at Home band, for the excellent music he is giving every afternoon and evening. Director Eslick has surrounded himself with an array of fully competent musicians who give the best that is in them every time called upon. The old blare and discord so noticeable in carnival bands is a pleasing minus quantity with Eslick's concert band.

HOT WEATHER ANTIDOTE

A Visit at Tom and Mose's Natatorium will Work Wonders in Cooling Off a Person

One of the best antidotes for that hot feeling is a plunge into the waters of Tom Woods and Mose DeRoche's natatorium, opposite the Park theatre. It is being well patronized, especially by the many carnival people and visitors in the city.

The shower baths and Turkish baths are metropolitan in their perfection and Tom Woods, as has been said by many travelogues, is one of the best masseurs in the country.

The boys should do well in their new line of business and the patronage accorded them should be very generous.

Clears Complexion—Removes Skin Blemishes

Why go through life embarrassed and disfigured with pimples, eruptions, blackheads, red rough skin, or suffering the tortures of Eczema, iten, tetter, salt rheum. Just ask your druggist for Dr. Hobson's Eczema Ointment. Follow the simple suggestions and your skin worries are over. Mild, soothing, effective. Excellent for babies and delicate, tender skin. Stops chapping. Always helps. Relief or money back. 50c at your druggist. H. P. Dunn.—

SPEAKS OF THE ART OF SWIMMING

Miss Ethyl Dawne June in Interview Gives the Secret of Basking in the Waves

HAS FLIRTED WITH NEPTUNE

Tells How to Swim—The First Principle in Swimming is Confidence, Says Miss June

In an interview accorded the Dispatch, Miss Ethyl Dawne June, billed as the living mermaid at the World at Home exposition now showing in Brainerd, spoke of the art of swimming and how to acquire this valuable and graceful accomplishment. Miss June said:

"As an accomplishment the art of swimming should come foremost in the line of aquatic sports and well to the front of all forms of sports requiring strength and endurance. Many persons, one might say, are born swimmers and take to water naturally. Most of us, however, must gain the knack by the tedious process of learning it. To be an expert swimmer, one cannot begin too young; in fact, the younger the better, because the muscles and tendons become harder and stronger and trained to the proper movements as the person advances in age.

ETHYL DAWNE JUNE

Every boy and girl should learn to swim because it makes them better developed men and women both physically and mentally.

While most forms of athletics strengthen and develop certain parts of the body such as arms, legs, chest and abdomen, swimming brings about a uniform development of the entire body. It accustoms the muscles to quick and prolonged action, thereby making them hard and more elastic. It increases both the chest and lung capacity and causes a larger intake of oxygen into the lungs by which the circulation of the blood through all the organs of the body are increased.

To swim in an expanse of water is much better than in a tank, because the air is not confined and circulates more freely. Open swimming is more invigorating to the system and by reason of the so-called reaction which takes place, guards against cold and sudden changes of temperature. It has been demonstrated that a person swimming in open water can go four times as far than when swimming in a tank.

In learning to swim the first principle is confidence. This is best taught by having the pupil float on the back with the body completely relaxed, the lungs filled with air, the chest thrown forward and the head even with the water. Any person can float for a long period of time and never have any fear of sinking. In fact, throughout my long career as a swimmer I have repeatedly tried to sink, but I find it impossible while observing these rules. As floating is not tiresome and practically devoid of all effort, it is best suited for resting purposes during a long swim and most useful in affecting the rescue of a drowning person.

One should keep at all times as much of the body as possible under the water. Never throw the shoulders out, but keep the chest out. In my four years of experience as a teacher of swimming I have found the breast stroke is by far the best stroke for beginners. As they advance the pupils find the under arm side stroke is the least difficult while at the same time it brings the most progress.

During my three mile swim in Lake Erie, from Edgewater Beach to the water works intake crib at Cleveland, Ohio, I used the under arm side stroke. In fact, in all my long swims I use this stroke exclusively as the arms are worked entirely under water thereby saving strength.

The body should at all times be relaxed and air should be inhaled through the mouth in long deep breaths and exhaled through nostrils. One fact should ever be born in mind and that is to save your strength as much as possible. Short, wild and unsteady movements are useless and will soon exhaust a swimmer.

Although I was in water continuously for two hours and twenty minutes during my swim from San Diego to Tent City, a distance of three miles, an observance of the simple rules of swimming insured my safety and left me as fit after the swim as before."

Suitable Ones.

"Why don't they take horses for travel in the arctic regions?"

"They can't."

"Why not? I should think old skates would be the very thing."—Baltimore American.

MERCURY POISON CURE IS FOUND

Dr. R. J. Sewall, of Crosby, Treats with Remarkable Success Poison Patient Who

TOOK 2 BICHLORIDE TABLETS

The Sewall Hospital Described—E. G. Ingalls Works for the Merchants & Clerks Picnic

Crosby, Minn., July 16—Dr. R. J. Sewall, of Crosby, owner of the large hospital there, has performed a remarkable cure in a case of mercury poisoning and medical men are interested in the case of the patient, Mrs. Percy Gannon, who had attempted suicide by swallowing two bichloride of mercury tablets. Taken on the Fourth of July, the poison was speedily pumped out of her system and with the treatment given at the hospital she has so far recovered as to be suffering only from a little salivation which will soon disappear. The case is remarkable from the fact that a rich southern banker who took such tablets by mistake, succumbed although every effort then known to medical science was made to save him.

Dr. Sewall's hospital is two stories in height and in addition has a large basement. Built of cement blocks, it is of most substantial construction and so planned as to produce the maximum of comfort for its patients. It has four private rooms and a large ward, offering accommodation for a total of twenty patients. In the basement are situated the laundry, kitchen, etc., and there is room for the ambulance or auto to drive in and leave the patients who are then transferred by elevator to the rooms above. On the main floor is Dr. Sewall's office the reception room, the room containing medical equipment such as the X ray machine, etc., the drug room and dressing room, the operating room equipped with all modern appliances, the surgical ward, bath room, etc.

An interesting patient at the Sewall hospital is Ray Hunter who was injured in the dynamite explosion when 17 sticks of the explosive were discharged near him. Hunter says he remembers nothing except the blinding flash, the loud noise and then his eyes filled with dirt and he became unconscious. His hearing and sight were saved. One leg is badly injured and Dr. Sewall hopes to save it. Young Hunter is being nursed by Albert Velllette, formerly with the Sisters hospital of Brainerd. Howard Dickerson, who was near Hunter at the time of the explosion, is said to have lost the hearing in one ear.

In a letter to the Brainerd Dispatch, E. G. Ingalls, secretary and manager of the Ingalls Motor Boat Co., puts in this boost to have the Brainerd merchants and clerks hold their annual picnic this year at Crosby and Deerwood. Mr. Ingalls writes:

Brainerd Dispatch,
Brainerd, Minn.

Dear Sirs:

In reference to our conversation regarding the Merchants and Clerks of your city holding their annual picnic at Deerwood and Crosby will say that we believe our two villages can offer better reasons why the picnic should be held here than those who have already endeavored to secure the picnic for their villages.

It is a well known fact that the interests of the people of Brainerd, Deerwood and Crosby are more in common than elsewhere and the business relations between the people of this district and Brainerd are one and the same.

The train service on the N. P. is very favorable for Deerwood and the low rate of fare would seem to warrant your people coming here.

Our company have already offered your people the free use of the Deerwood picnic grounds and the Deerwood Concert band will furnish music throughout the day without charge. We have a ball ground for your people and the most beautiful lake in this section on which we operate our fleet of boats. We have ample boat accommodations to take care of your crowd and the low rate of 25 cents per person for the entire day's riding is within the reach of all.

The total cost per person attending the picnic here would be only 93 cents including all the row boat and motor boat trips they want and we feel sure that the people in general would have a better time here than elsewhere.

If there is any other concession within reason they should want it will be granted.

Yours truly,
Ingalls Motor Boat Co.,
E. G. INGALLS, Secy & Mgr.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Ad. F. J. Cheney & Co., Toledo, O. Sold by Druggists, 75c. Take Hall's 17 only pills for constipation.

Keeping the Body in Repair

Nature intended that the body should do its own repairing—and it would do so were it not for the fact that most of us live other than a natural life.

Nature didn't intend that we should wear corsets, tight collars or shoes, nor live in badly ventilated and draughty houses, nor eat and drink some of the things that we do, nor ride in street cars when we should walk.

The consequence is that the body when it gets out of order must look for outside help to make the necessary repairs.

For weak stomachs and the indigestion or dyspepsia resulting, and the multitude of diseases following therefrom, no medicine can be more adaptable as a curative agent than **DR. PIERCE'S GOLDEN MEDICAL DISCOVERY**.

This famous Doctor's prescription has been recommended for over 40 years, and is today just as big a success. Restores a healthy appetite. Cleanses the blood. Strengthens the nerves. Regulates stomach and liver. Demand the original.

THE GOOD JUDGE HELPS THE FAT FAN OUT

HE used to switch tobacco every few weeks. Then a friend gave him a small chew of "Right-Cut." Steady user now. Says it's the Real Tobacco Chew.

Quite the regular thing with "Right-Cut" users. A man is glad he found it—and just naturally passes the good word along. Pure, sappy, full-bodied tobacco—seasoned and sweetened just enough.

Take a very small chew—less than one-quarter the old size. It will be more satisfying than a mouthful of ordinary tobacco. Just nibble on it until you find the strength chew that suits you. Tuck it away. Then let it rest. See how easily and evenly the real tobacco taste comes, how it satisfies without grinding, how much less you have to spit, how few chews you take to be tobacco satisfied. That's why it is The Real Tobacco Chew. That's why it costs less in the end.

It is a ready chew, cut fine and short shreds so that you won't have to grind on it with your teeth. Grinding on ordinary candied tobacco makes you spit too much.

The taste of pure, rich tobacco does not need to be covered up with molasses and licorice. Notice how the salt brings out the rich, tobacco taste in "Right-Cut."

If your dealer does not sell it, send us 10c. in stamps for a pouch of "Right-Cut" Chewing Tobacco.

BEACHEY AND OLDFIELD

Daring Aviator and Auto Racer to Appear at State Fair Grounds July 18.

Lincoln Beachey with his new \$6,000 French biplane, equipped with an 80 h. p. Gnome motor, is to give an exhibition of his sensational aviation stunts at the Minnesota State Fair Grounds, Saturday afternoon, July 18. The program will be the same as given at Brighton Beach and the lake front, Chicago. Beachey will loop the loop, make a one thousand foot upside down drop, execute tango spirals, 90 per cent banquets and other aerial gymnastics for which he is famous. Barney Oldfield, with a 300 h. p. Christie and a 100 h. p. Fiat Cyclone, will race against his world's record for circular track of a mile in 46 2-5 seconds and will race with Beachey for the "championship of the Universe," the biplane flying directly over the auto car. The pair covered one mile in this race in 46 3-5 seconds, one-fifth of a second slower than Oldfield's world record.

The Ancient Stone Slingers.

It has been said that Asiatic nations excelled others in the use of the sling, and the slingers of an ancient army used their little weapons with terrible effect. "These natives have such skill," says one old historian, "that it very rarely happens that they miss their aim. What makes them so great in the use of the sling is the training given them from their earliest years by their mothers, who set up a piece of bread hung at the end of a rod for a target and let their children remain without food until they have hit it. When the child who is the victor receives the bread as the reward of his skill and patience."

Her Opportunity.

The man later had just announced her engagement.

"But you always said that men were horrid creatures," said her friends.

"So they are," replied the bride to be, "and here's my opportunity to punish one of them."

They all agreed that it was real noble of her.—Philadelphia Ledger.

BEACHEY AND OLDFIELD

Daring Aviator and Auto Racer to Appear at State Fair Grounds July 18.

Lincoln Beachey with his new \$6,000 French biplane, equipped with an 80 h. p. Gnome motor, is to give an exhibition of his sensational aviation stunts at the Minnesota State Fair Grounds, Saturday afternoon, July 18. The program will be the same as given at Brighton Beach and the lake front, Chicago. Beachey will loop the loop, make a one thousand foot upside down drop, execute tango spirals, 90 per cent banquets and other aerial gymnastics for which he is famous. Barney Oldfield, with a 300 h. p. Christie and a 100 h. p. Fiat Cyclone, will race against his world's record for circular track of a mile in 46 2-5 seconds and will race with Beachey for the "championship of the Universe," the biplane flying directly over the auto car. The pair covered one mile in this race in 46 3-5 seconds, one-fifth of a second slower than Oldfield's world record.

The Ancient Stone Slingers.

It has been said that Asiatic nations excelled others in the use of the sling, and the slingers of an ancient army used their little weapons with terrible effect. "These natives have such skill," says one old historian, "that it very rarely happens that they miss their aim. What makes them so great in the use of the sling is the training given them from their earliest years by their mothers, who set up a piece of bread hung at the end of a rod for a target and let their children remain without food until they have hit it, when the child who is the victor receives the bread as the reward of his skill and patience."

Her Opportunity.

The man hater had just announced her engagement.

"But you always said that men were horrid creatures," said her friends.

"So they are," replied the bride to be, "and here's my opportunity to punish one of them."

"They all agreed that it was real noble of her," Philadelphia Ledger.

NOTICE TO CONTRACTORS

The city council, City of Brainerd, Minn., will receive bids for the following sewers until eight o'clock P. M., August third, 1914. District Sewer No. 3, approximately 2884 feet of 18 inch sewer; also Lateral Sewer C. 3, District No. 3, 1830 feet of 8 inch, 10 inch and 12 inch sewer.

Bids will be considered separately, and must be addressed to the City Clerk, and plainly marked "Bid for District No. 3" or "Lateral C 3, District No. 3."

All bids must be accompanied by a certified check or bond for 5 per cent of the total price bid. Plans and specifications can be obtained from the City Engineer after July 20th, 1914.

The Council reserves the right to reject any and all bids.

C. D. PEACOCK,
3419— City Engineer.

SURPRISES MANY IN BRAINERD

The QUICK action of simple buckthorn bark, glycerine, etc., as mixed in Adler-I-ka, the remedy which became famous by curing appendicitis, is surprising Brainerd people. Many have found that this simple remedy drains so much foul matter from the system that A SINGLE DOSE relieves constipation, sour stomach and gas on the stomach almost IMMEDIATELY. Adler-I-ka is the most thorough bowel cleanser ever sold. Johnson's Pharmacy.—Advt.

PRETTY LAKE SHORE LOTS

Cullen Lake Park Between Middle and Lower Cullen Lakes

We offer for sale lots 60 to 100 feet with lake frontage to 320 feet in length. Two rod road in rear of lots running entire length of the tract. Six new cottages built the present summer. A good automobile road being made from Nisswa to the Park, 1 3-4 miles.
